To my custom I am sticking.
With my customary skill:
There is not much use of kicking.
But there's none in keeping still.

Prof. D. S. Clinger, Supt. Maysville's Public Schools is in Lexington on business.

John McIntire of Carlisle has recently received \$852.20 back pay on his pension.

The average elevation of North America is 1,350 feet, and of South America 1,200 feet.

The Public Schools of Maysville will open next Monday for enrollment, but owing to the Mason County Teachers' Institute being in session next week there will be no school until Monday, September 9th.

A peculiar accident which probably will result in his death, befell Richard O'Brien when he was swimming with friends in the Ohio river at Ashland. He wore an old-fashioned, broad-brimmed straw hat, and the resistance offered to the water by the soaked "sky piece," resulted in the dislocation of his neck.

Congressman J. B. Bennett came down from Greenup Tuesday to look over the political field before the big Appellate convention of today. Judge Bennett is for our Ninth District candidate—Holmes, and he thinks he will win the nomination. He is outspoken for Judge Taft for the Presidency, and declares that the prospects for Republican success this year are of the rosiest hue.

LINCOLN PARK

Work Begun and Plans Received For Museum

Work on the improvement of Lincoln Park, two and a half miles for Hodgenville has begun. Plans have also been received for the erection of the museum, which is to contain all sorts of Lincoln souvenirs and curios. The county road which lies by the farm will be changed so as not to interfere with the plans for converting the place into a National Park.

There is also a proposition to extend the Illinois Central R. R. from Hodgenville to Buffalo by way of the Park.—*Elizabethtown News.*

The annual rally of the temperance people of Kentucky will be held at Danville on October 20th.

OUR SECOND GREAT SEMI-ANNUAL CLEARANCE SALE

Begins Monday, August 12th,

And continues until every job in our house is sold. Last summer we contracted for extra advertising space in order to draw your attention to our sale; advertised a great and sweeping clean-up sale; stuck to the letter to what we advertised, and as a result had the most satisfactory Buggy Sale ever held in Maysville carrying over one buggy only. This year we do not intend to have one rig left in our repository, and are marking the vehicles at such ridiculously low prices, and backing them up with such a strong guarantee, that you cannot help but buy if you are needing a rig of any kind. The case is this: We have the Vehicles and need the money; you have the money and need the Vehicles. Now is your opportunity.

We include in the sale all Buggies, Runabouts, Surreys, Phaetons and Carts in our repository. Don't you think it will pay you to investigate?

CASE FILED AWAY

Witness Fails to Show Up in Louisville Shooting Scrape.

Henry Dieterich, who shot Charles Holliday, whom he found struggling with his wife in her room at her home at Louisville, several weeks ago, was arraigned in the Police Court in that city yesterday morning and his case was filed away.

Holliday left the city after he recovered from his wounds, it is said, to avoid testifying against Dieterich.

Dieterich returned home one night several weeks ago to find Holliday struggling with Mrs. Dieterich, who was attempting to push him away. Holliday tried to strike Dieterich, who then shot him.

For a while the wounds of Holliday were considered serious, but he rapidly recovered at the hospital to which he was removed after the shooting.

The parties are former Maysville people.

Ex-Congressman and Mrs. J. N. Kehoe have for their guests today at their beautiful and palatial home in the West End, the following distinguished personages—L. E. Everett of Indianapolis, President of the American Society of Equity, Clarence LeBus, Cynthiana, President of the Burley Tobacco Growers' Association, Senator J. C. Cantrill, Georgetown, and Congressman A. O. Stanley, Henderson, all of whom, together with Mr. Kehoe, will attend the Germantown Fair tomorrow, where they are due to speak, the occasion being Equity Day.

GERMANTOWN FAIR

Fifty-Third Annual Exhibition in Progress This Week

The Germantown Fair is on this week beginning yesterday and closing next Saturday. This is the fifty-third year of the famous old Fair, otherwise known as the "Union Agricultural Society of Mason and Bracken Counties."

It is about the only Fair in Kentucky whose grandstand is in the form of a circular amphitheater all under one roof and seating 5,000 people.

This is a Fair of the people and for the people; where the dinners served upon the green sward under the primeval trees are upon such lavish and hospitable scale which has given the Germantown Fair a distinction enjoyed by no other gathering of the kind in the state.

The premium list is liberal and the show of stock among the finest in the state.

Tomorrow is "Equity Day" and 10,000 people will attend in honor of the event.

CALL FOR REPUBLICAN CONVENTION.

By order of the Republican Executive Committee, the Republicans of Mason county are called to meet in mass convention on Monday, September 2d, 1907, at 2 o'clock p. m., for the purpose of nominating a candidate for Representative from Mason county.

W. D. COCHRAN, Chairman.

A. M. January, Secretary.

Is Mr. ERNST in earnest?

In Minnesota the figures show that the earnings of the railways have actually increased under the 2-cent fare law, instead of showing a decrease.

Kentucky is the worst governed state in the Union—*Courier-Journal*.

Secretary Taft will recommend to Congress in his forthcoming message that the National Militia be given half pay and placed under the command of U. S. Army officers.

SECRETARY OF STATE ROOT is not seriously ill and is only suffering from old-fashioned rheumatism. Must have gone back to the "constitution" to get the old-fashioned kind.

If I do not altogether trust your party, (the Democrats) I do trust Mr. Willson implicitly. I have had occasion to find the same feeling pervades the whole of Central Kentucky.

It seems to me that the only salvation for our state is in a brilliant victory for the Republican ticket—Major David Castleman, prominent Democrat and member of one of the first families of Kentucky.

Be careful, Mr. ERNST, or you will drop your candy.

But if Uncle Sam has to go to perennial scrubblings of the Cuban, why not take him over permanently?—*Commercial Tribune*.

It will be much easier for ROCKEFELLER to collect his costs for witness fees from the Government than it will be for the latter to collect that \$29,240,000 fine from Johndee.

It seems to me that the only salvation of our state is in a brilliant victory for the Republican ticket—Major David Castleman, life-long Democrat, who will this year vote the straight Republican ticket.

MR. TAFT's tariff views are neither alarming nor radical. The Republican party will either have to commit itself to revision of the tariff by protectionists or the country will witness a revision by free traders.—*Pittsburgh Leader*.

PRICES never seem too high on what we ourselves produce and have to sell or on the scale of wages we are receiving, but generally seem too high on the products and labor which we have to buy from the rest of the world. Did you ever stop to think of that?

FOREIGN countries are also taking a whack at the Standard Oil Company. The Australian Government has decided to levy a tax of 6c per gallon on petroleum in American packages. There is no tax on Russian or Borneo oil, and the new tax is set down as solely a discrimination against American products.

SPEAKER CANNON is not too young to see a light. He is trying to quit smoking. He says that, although he has been accustomed for forty years to smoke from twelve to fifteen cigars a day, he now smokes but three or four. Uncle JOE is said to be a tough old boy, and it looks like he fears the land of some place where the inhabitants "smoke up" twenty-four hours in the day.

G. A. R. REUNION

At Mower's Park—Patriotic Eloquence and Joyous Songs, Etc.,
Delight the Large Gathering Present.

The G. A. R. Reunion at Mower's Park Friday and Saturday was as usual most enjoyable. Friday's program was somewhat marred by the rain as was the evening campfire—but Saturday with its sunshine and refreshing breezes brought an immense crowd and the day was replete with happiness.

A number of speakers, eloquent and patriotic, told of the strenuous days of the Sixties and of the glorious days of the present, while the vast audience smiled with approval and clasped glad hands of cheer. Prof. E. R. Boggs conducted the music and as he was ably assisted by Mr. Omar Boggs and several members of the choir of Ebenezer Church, it was, indeed, fine.

The Tabernacle was very handsomely decorated with flags, hunting and a large number of portraits of our famous countrymen. The dinner spread was amply sufficient to keep up the reputation that the women of Lewis county have long sustained—i. e. that they stand among the best cooks of the state, ay, of the world.

NOTES.

Mrs. Waldron recited "Barbara Fritchie" with her usual excellence.

Mrs. Potts of Ebenezer, who has a very sweet, strong voice, sang a beautiful solo.

Miss Anna D. Williams of Mason county was present and gave a charming monologue on her favorite theme, "Our Country's Flag."

Much regret was expressed at the absence of two of the Post's most prominent members, Dr. Bowman and Judge Hillis. Dr. B. was reported ill at his home in Tullahoma. Judge Hillis had arrived to within a short distance of the park on Thursday, when he became very ill. He remained in a serious condition during the entire time of the reunion and was cared for by friends.

A pleasing feature of the decorations was the large number of small flags, size about 12x14. There were several hundred and the tabernacle was lined with them. They presented a beautiful appearance as the breeze kept them in a continuous flutter. The children especially were delighted at the twinkling beauties. When

the men in charge began removing them late in the afternoon, one little fellow said: "Won't you please give me a flag?" "Sure I will, my little man," said he, "and you must care for it and study it, too." The boy rushed away with his treasure, holding it aloft. Then, like bees toward the hive, from every direction came children, and from the timid "please" to the less polite "give me one, too," came the demands. The hundreds dwindled to scores, then to less, while all over the camp flags bobbed up and down like butterflies in a meadow, and the little ones shouted with glee. Finally realizing that the Post would need a few flags, the distribution was stopped, with the promise that next year another supply would be there for those that went away sad faced and empty handed. Croxton Post is certainly to be commended for its strenuous efforts to teach patriotism every day and all the time.

THE DOG TAX

The Law Is Not Approved in Some Sections of Kentucky

Action has been taken to enjoin Sheriff Geiger of Boyd county from collecting dog taxes.

The proceedings are based on a written opinion handed down by Judge J. A. Williams, stating that the dog tax is unconstitutional.

Subscriptions are being taken in every district of the county to fight the case, carrying it to the Court of Appeals, if necessary.

The Sheriff is in sympathy with the people.

Mrs. W. H. Harrison and Miss Hattie May Bond have returned from Louisville.

Mrs. Florence Elliott and daughter, Miss Norma, of Vanceburg are guests of Mrs. Henry J. Shea of East Fourth street.

The Elks were defeated, but not disgraced in their contest with their more seasoned and experienced opponents yesterday afternoon, and the large crowd that witnessed the lowering of their colors by a score of 12 to 5 to the Mayaville nine, were well repaid for going out and seeing the game.

Change of program tonight.

PYROTECHNIC SEND-OFF

Marked the Bridal Departure of Mr. and Mrs. N. Sudduth Calhoun—Unique Charivari.

The established custom from our great, great grandmothers, on down the line in parting with the newly wedded on their bridal tour, was to throw rice, shoes or any old thing in their wake in wishing them good luck and God speed.

Tuesday night in the going away of Mr. and Mrs. N. S. Calhoun the program was changed, and instead of rice being showered upon them they took their departure amid the glare of red light and the discharge of Roman candles and sky rockets.

Quite a number of cups containing various colored lights were arranged at intervals along the track at the C. and O. Depot and when the train, which was to bear them away, was crossing the viaduct they were simultaneously lighted and a beautiful glare illuminated the enrouddings through which the bridal train passed, at the same time sky rockets and roman candles were being sent skyward.

The effect was lovely, unique and out of the ordinary.

It is quite likely the sleepy passengers aboard the train thought they were about to be held up by a band of Kn Kins.

It was quite the reverse, however.

The gauge marks 14.6 and falling.

The Cincinnati-Pittsburgh boats are still tied up.

The E. A. Woodruff is below Louisville pulling snags. She will go all the way to Cairo.

The United States dredgeboat Virginia has been ordered from Cincinnati to Rising Sun, where she will remove obstructions which have been interfering with navigation.

John L. Vance, President of the Ohio River Improvement Association, has made a statement in which he expressed his satisfaction with the survey work and report of the engineers appointed by the Government and the result of the hearing at Pittsburgh on August 12th.

Rivermen at Pittsburgh were ready for the rise when it came and as a result 4,000,000 bushels of coal were started South. More coal would have been sent out had not the shippers been compelled to shut all their tows through the locks at Davis Island Dam for the first part of the rise. This delayed matters greatly. The Monongahela River Consolidated Coal and Coke Company sent out the following boats: Alice Brown, 11 coalboats, 1 model barge and 7 barges; Harry Brown, 22 barges; Doqueano, 22 barges; Josh Cook, 17 barges; Ironides, 17 barges. The People's Coal Company sent out the Oakland, 28 barges; Crescent, 17 barges; G. W. Thomas, 14 barges. The steamer Monitor, of the Diamond Coal Company, also started with 22 barges, 14 of which were sent out by the A. R. Budd Company and 8 by the United Coal Company.

WHY?

That little word and the interrogation point may mean little or it may mean much. When applied to roofing it means a good deal. The manufacturers of and dealers in nearly all "Composition," "Felt" and "Rubber" roofing tell you of their two and three-ply roofing and its superior qualities and then ask you \$1 to \$2 per square more than for single ply. When you examine roofing ask the weight. That's the test. Our Climax Asphalt weighs 60 pounds per square and is sold as low as the 35 and 40-pound kind. Investigate this before purchasing.

READ THIS AND PROFIT THEREBY!

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and by using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to "breathe freely," which means perfect health. The best soap to use for the bath and toilet is Picard's Complexion Soap, a non-injurious, healthful soap. Talcum powder keeps the skin cool, allays heat rash, stops chafing and is an excellent toilet requisite. We have a number of kinds.

SOME ENCOURAGEMENT

Found in the Crop Outlook By Growers of White Burley

Statistics gathered by the American Society of Equity indicate that the crop of tobacco in Central Kentucky this year will be from 75 to 80 per cent of the average crop. The quality of the tobacco ordinarily is fine, but on some of the plantations the backwardness of this crop will cause it to be inferior. As the average prices on the Cincinnati and Louisville markets are now from 12 to 15 cents a pound the tobacco planter in this section feels encouraged at the outlook.

Work of pricing the tobacco pledged to the American Society of Equity continues steadily in Fayette county. Something like 2,000,000 pounds of tobacco has been received at Lexington for that purpose this year, and during the next two weeks it is believed that fully 500,000 pounds more will be put into hogheads.

The cutting of the crop of 1907 will begin in a short time.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEW RAILROAD

From Carlisle to Salt Lick—Would Be a Paying Road From Start

The Kauffman-Shaw Construction Company have a party of men in the field locating line and expect to reach Owingsville this week. They expect to continue on to Carlisle, Ky.

The completion of this road into Salt Lick will certainly boom things here.

Right-of-way has been promised and in course of a few weeks deeds will be drawn up.

Two locomotives, thirty flat cars, camp cars and one steam shovel, belonging to the Kauffman-Shaw Construction Co., are now in the Cincinnati yards awaiting orders to ship.

They also have 50 teams that can be brought here on short notice.—Salt Lick Times.

When construction work is begun it will be commenced at both ends—Carlisle and Salt Lick—and, of course, our merchants will get some of the benefits, too.—Carlisle Advocate.

AN INDEPENDENT CIRCUS

John Robinson's Show the Only Big Circus Not Included in the Trust

All the really big circuses of this country can be counted upon the fingers of one hand, and all but one of them are now in a combine known as the Circus Trust and has for its primary object the suppression of all legitimate competition and the curtailing of expenses by doing away with parade and other features that have become so established that the circus would indeed seem sadly lacking without them.

The only first-class circus that did not enter the combine this year is the John Robinson Show, and the management states that they will positively not be led by this association of Trust builders. They will not only continue the use of the parade as a feature, but will see that each year adds some new and attractive novelty for the approbation of its host of patrons and admirers. Their action in thus standing out alone against the combine ought to win them many friends, and it is safe to predict that their appearance here on September 5th will be greeted with capacity business at both the afternoon and night performances.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation

For months Mayville readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit. A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Mayville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Mayville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
